

Bethany Boulevard NW Bronson Road to West Union Road

How Can You Stay Involved and Informed?

- **Open Houses** – Additional Open Houses will be held as the project continues through the design process and as more information becomes available.
- **Project Focus Group (PFG)** – A diverse group of residents and community organizations that will be formed to provide feedback to the County's design team on the project. For more information, please talk with a design team member. If you are interested in being on the Project Focus Group, please fill out an application available at tonight's meeting or on the project web site.
- **Community Groups and Neighborhood Associations** -The team will keep the Citizen Participation Organization (CPO) 7 and adjacent neighborhood associations informed with project updates as the project progresses. If requested, presentations can be made to local homeowner or neighborhood associations.
- **Mailer Updates/Flyers** – Mailers are sent to all residents within the vicinity of the project periodically to keep them informed of the project progress and upcoming meetings. While these reach a larger audience, to stay more informed, we would encourage visiting the project web site periodically.
- **Electronic mailing list** – Periodic updates will be mailed electronically to residents who would like to receive these emails.
- **One-on-One Meetings** –The project team is always available to talk about specific concerns or questions upon request.
- **Comments** – Your comments and ideas are always welcome. Use the comment form or submit your comments electronically via the project web site.
- **Project Web Site** – A project specific website will be kept up to date with project information, including design drawings.
